

# Guillem Carrera Rey

Architect  
Tarragona, Spain.

## About

**Guillem Carrera Rey**, Tarragona (1979), architect, studied at the **School of Architecture of Barcelona of the Polytechnic University of Catalonia** (ETSAB-UPC), where he graduated in 2004 with a project of a **Leisure Center in Hellinikon, Athens, Greece**. During his studies he participated in international workshops in **Italy and Spain**. In 2005 he **opened a studio** in Tarragona.

He works in the fields of architecture, urban planning, landscape design, interior design, restoration and rehabilitation.

*“The possibility of participating in two very important aspects of society such as architecture and urbanism, and in extension, the conception of buildings, spaces and habitable environments in a way that respects the places and the environment that surrounds them, and the benefits they can bring to people, are my motivation as an architect.”*

From 2005 to 2009 he collaborated with the **Official College of Architects of Catalonia** in various **cultural activities** related to unique buildings such as the **Civil Government of Tarragona** of the architect **Alejandro de la Sota**, the **Metropol Theatre** of Tarragona and the **Sanctuary of Our Lady of Montserrat de Montferri**; last works of the architect **Josep Maria Jujol**.

Recently, the studio projects have been recognized in the Architecture **Master prize Awards** (2020), **Dezeen Awards** (2019), Best Project **Archilovers** (2019), **Smart Technology Forum** (2019), and the **Alejandro de la Sota Biennial** (2009).

His accomplishments have been **published** in sector journals, architecture books and specialized web platforms, national and international, and he has been **invited to give lectures** at institutions and universities such as the **Landscape Observatory of Catalonia**, the **La Salle School of Architecture**

(URL), the **School of Architecture of Reus** (URV), the **Official College of Architects of Catalonia** (COAC) and the **College of, Technical Architects and Building Engineers of Catalonia** (CAAEEC).

He has also participated as an **external jury member** in critical sessions at the **La Salle School of Architecture** (URL), **the School of Architecture of Reus** (URV) and as a member of **the main jury** in international architecture and landscape competitions.
