## About

**Cheng Tsung FENG** (born 1987) is a **Taiwanese young artist**. With an old soul in his body, he is fascinated by exploring the wisdom condensed out of time hidden in traditional utensils. He is reluctant to let go of these intangible assets along with traditional utensils. Thus, he inherits them by design and learns to create utensils from their tradition. He applied handcrafted methods from **traditional artifacts into large-scale installation arts and sculptures**, making the brilliant ancient wisdom which hidden in the objects can be represent at very different scales and functions. Rebirth is the way he preserves precious traditional culture as an artist. **He has been invited by Hermes, Aesop, Nike, Loewe, The Balvenie, Apple, The Ritz-Carlton, Kvadrat, Eslite and other international brands to create commissioned artworks & projects.**
